# Testimonials

“Kim has outdone herself twice on two very special occasions for us, our wedding and our daughters first birthday! Not only do the cakes look absolutely amazing but taste just as good! Kim is the nicest person to deal with and goes above and beyond wherever possible. We’ve had so many compliments on both occasions and 100% would recommend Kim!

TAYLOR & TOM | 14.07.2023

“Kim was fantastic from the initial meeting to the final cake. The small details like complimentary consultation, drinks and cake samples just made us want to choose Kim to create our wedding cake for our special day. Having dietary requirements (gluten-free) makes it harder to find good suppliers who bake well and Kim's cakes do not disappoint and no-one would know they were gluten free. The final cake was just absolutely beautiful and delicious and just perfect for our special day. Cannot thank you enough!”

GRACE & OLIVER | 10.07.2023

“Couldn't recommend kimmi any more highly if I tried! Our wedding cake was better than we ever could have imagined and tasted even better. The choice of flavours was so good and we picked flavour we would never have even thought of picking. Nothing was too much to ask of kimmi and she did a wonderful job. Thank you”

AMY & NICK | 06.04.2024

“It was a wonderful experience having Kim make our wedding cake. She was extremely responsive and helpful throughout the entire process, making everything smooth and easy. The sample tasting was fantastic; she sent us some unique and delicious flavour options that we had selected. She also took the time to do a video consultation with us to go through our needs, which was very helpful. Our cake not only tasted amazing but also looked stunning. Kim did an exceptional job with the setup and decoration, including the cake topper and cake sign. We chose a three-tier semi-naked cake with flavours of red velvet, black forest, and strawberry & prosecco, all of which were absolutely delicious. We highly recommend Kim for an exceptional wedding cake experience! Thank you so much Kim :)”
